

# Asphalt Emulsion Technologies Workshop

Supported in part by your Ontario Emulsion Manufacturers  
McAsphalt Industries, Ltd., Norjohn Limited & Coco Paving Engineering

An interactive learning experience to enhance knowledge of emulsion properties and applications.

November 2 – 3, 2010

Sheraton Fallsview Hotel & Conference Center

Niagara Falls, Canada <http://www.niagarafallshotelsheraton.com/index.php>

History teaches that change is the catalyst for learning and innovation. Today, the asphalt industry is experiencing unprecedented change. AEMA believes that Agencies will be seeking solutions to new challenges created by this change and that emulsion science can play a major role in the solutions.

Workshop topics to include:

- Global Perspective
- North American Happenings
- Asphalt Innovation
- Going Green
- Basic Emulsion Overview
- Chemistry of Emulsions
- Manufacturing of Emulsions
- Asset Management
